Re: Cable Rate Regulation Proceeding
MM Docket No. 92-266
Request for Release of Adjusted Survey Data

Dear Dr. Pepper:

On behalf of our client, Comcast Corporation, I hereby request the release of certain information prepared by the Commission staff in connection with the above-referenced proceeding. In particular, I request release of the data compiled by the Commission from its survey of cable rates, as adjusted in accordance with the description on pages 6 through 10 of Appendix E in the Commission's Report and Order and Further Notice of Proposed Rulemaking, released May 3, 1993. Release of the adjusted data is necessary for parties to evaluate both the Commission's determination as to where benchmarks should be set and the accuracy of the adjustments themselves.

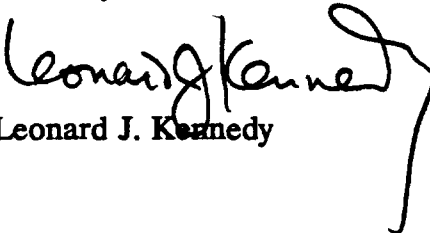

Release of this information would be consistent with the Commission's earlier actions in this matter. As you know, the Commission released the raw data from the rate survey during the pendency of the rulemaking proceeding. See Public Notice No. 31934, rel. February 24, 1993. Release of the adjusted rate survey data also would be consistent with the Commission's obligations under the Freedom of Information Act and the Commission's own regulations regarding public availability of information.

Dr. Robert M. Pepper
May 28, 1993
Page 2

I also request that the adjusted rate survey data be released on an expedited basis. Expedited treatment is necessary to permit a meaningful opportunity to evaluate the data prior to the deadline for petitions for reconsideration.

Please inform me if any questions should arise in connection with this request.

Sincerely,

Leonard J. Kennedy
